## Introduction

This questionnaire has 13 parts, each of which will take about 10 minutes. There will be a short break after each part and we will play a small game together. Your answers will be kept confidential and your name will not be written anywhere on this questionnaire. Your experiences will be incredibly helpful to our government and healthcare providers.

If you need a break, just tell the person that is helping you and they will do some activities with you. This is not a test. There are no right or wrong answers! This research aims to help young people in South Africa. Thank you for taking the time to help.

# Similarities and Differences

## Boys:

Remember Lundi? He is having a hard time because of his HIV status. Lundi knows that people often think bad things about HIV-positive people. Sometimes people treat Lundi differently from other kids just because he is HIV-positive. This is not fair. Could you say how much these things have been true for you **in the past year?**

## Girls:

Remember Nosizi? She is having a hard time because of her HIV status. Nosizi knows that people often think bad things about HIV-positive people. Sometimes people treat Nosizi differently from other kids just because she is HIV-positive. This is not fair. Could you say how much these things have been true for you **in the past year?**

26. I have been hurt by how people reacted when they found out I have HIV.

- Never  Sometimes  Most of the time

27. I have stopped spending time with some kids because of their reactions to my HIV status.

- Never  Sometimes  Most of the time

28. I have lost friends by telling them I have HIV.

- Never  Sometimes  Most of the time

29. I've been teased because of my HIV status.

- 

**30. That was great! Now, say you're still in the taxi with the President. What if the President told you were resigning and you would become the next president of South Africa? What would be the first thing you would do?**

## Part 11: Let's talk about sex...

The following section has a lot of personal questions in it. Remember that everything is confidential, no one will know what you have said, and when you share your experiences with us we will use it to help healthcare workers and the government understand the needs of youth such as yourself better. Your answers will help us find out how to make health services better for youth.

Please answer the following questions to the best of your ability. For each sentence, please tell us if you think it is 'true', 'false', or if you 'don't know'.

	True	False	I don't know
1. If you are HIV-positive, you cannot become infected with HIV again.			
2. HIV cannot be passed from an HIV-positive mother to her unborn child.			
3. If an HIV positive adolescent has sex, they need to use a condom.			
4. People living with HIV who are using the injection, pills or implant to prevent pregnancy do not need to use condoms.			

We know that sex can mean a lot of things. Girls can have sex with boys, girls with girls, or boys with boys. Sometimes we choose to kiss, others to have sex. Sometimes we feel that we must do it for different reasons. Remember that your name is not recorded anywhere on this questionnaire.

Let's talk about sex.

### First time experiences

# Part 12: Needs and Support

Remember the difficult thing that we were thinking about before? Please think about it again.

Please tell us if you have felt this way 'not at all', 'some of the time', 'most of the time' or 'all the time' **in this past month**.

In the past month...	Not at all	Some of the time	Most of the time	All of the time
1. Do you get physically upset when something reminds you of what happened - like getting sweaty, shaking, your heart pounding, getting short of breath, or stomach aches?				
2. Do you have trouble falling asleep or staying asleep?				
3. Is it hard for you to pay attention - like listening to your teacher, or doing your work - because you can't concentrate well?				
4. Do you get jumpy or startle easily?				
5. Do you get annoyed (grouchy) or irritable (kind of angry) really easily?				
6. Do you get angry or upset at people for no reason?				
7. Do you feel it's hard to have fun doing things?				
8. Do you ever feel it's hard to feel happy?				
9. Do you feel alone even when other people are around?				

*Sometimes the people we live with, our parents, grandparents, siblings or aunts/ uncles, they get sick and they need our help and support to get better. At other times, we need their help to get healthy again.*

*In this section, we will ask you about your parents, the person or people that take care of you at home.*

# Part 13: Tell us what you think!

Thank you for taking part in our research project.

We would appreciate it if you could take an extra few minutes to tell us your thoughts about our research. We will use your answers to improve our future work.

What did you think about taking part in this research project? Choose as many answers as apply:

- It felt good to be open and honest about myself
- It helped me to share the bad things I've been through
- It made me feel distressed (sad, upset or angry)
- This research will help others
- The questions were too private/ personal
- I learnt stuff I didn't know before
- It was hard to understand the questions
- I know my answers won't be told to other people

We'd like to come back and speak to you again next year. Do you have any advice or questions for us?
